NOTES:

- a. We will adjust requirements for those who will be joining us from out of town/remote/virtually only.
- b. Socials will be a combination of both in person and online. We will expect that those who are remote, attend 2 out of the 3 zoom/online socials.
- c. Members can receive credit if they inform the VP 2 days ahead of a requirement that they will not be able to attend. However, there will be limits and you cannot earn all of your points this way.
- d. Members can receive partial credit if they inform the VP less than 2 days ahead of the requirement and up to 1 day after the requirement.
- e. Extra points stated in section 10 can be used towards any of the preceding sections at the discretion of the member. They can be used to make up for lost points. Extra points will also be used when determining most active members for reward at the end of the semester.

Additionally:

The above requirements are to remain in good standing and stay active.

To remain active and be put on probation you will need to achieve 50% of the required points to remain in good standing in each category.

EX: In section 1, to remain in good standing during COVID you need 9+ meeting points. To remain active but placed on probation you would need 4.5+ of meeting points. Thus, you would need to attend one meeting and make up the difference with extra credit points to remain active with probation.

Being put on probation will prohibit you from running for an exec position and will require increased requirements the following semester. The increase will be discussed with the individuals put on probation ahead of the new semester.
